PROFESSIONAL SUMMARY

Fourth-year Information Systems undergraduate with a strong interest in Business Analysis and software development. Experienced in gathering and documenting requirements, analyzing business needs, and translating them into functional solutions through academic and personal software projects. Skilled in Agile methodologies, project documentation, stakeholder communication, and data analytics using Google Analytics 4 (GA4) and Meta Pixel. Proven leadership through student organizations and collaborative projects, with strong analytical, problem-solving, and communication skills. Seeking a Business Analyst internship to contribute to delivering effective business and technology solutions while continuing to grow professionally.

SKILLS & COMPETENCIES

Business Analysis: Requirements Gathering & Elicitation, Business Process Analysis & Mapping, Functional Specification Writing, Gap Analysis, User Stories

Project Coordination: Agile Development, Sprint Planning, Stakeholder Communication, Status Reporting, Project Documentation

Programming Languages: Java, JavaScript, Dart, Python, HTML, CSS

Frameworks & Libraries: React.js, Node.js, Spring Boot, Django

Mobile Development: Flutter, Android Studio, Kotlin, Firebase Auth

Databases: MySQL, MongoDB, Firebase Firestore

Tools & Platforms: Git, GitHub, Postman, GA4, Meta Pixel

Soft Skills: Leadership, Team Coordination, Communication, Problem Solving, Time Management

EDUCATION

University of Sri Jayewardenepura

Bachelor of Computing (Hons) in Information Systems | CGPA: 3.57

Nugegoda, Sri Lanka

(May 2023 – Present)

Institute of Software Engineering (IJSE)

Comprehensive Master Java Development (CMJD)

Panadura, Sri Lanka

(Jan 2023 – Jan 2024)

CIMA – Operational Level, Accounting and Finance

(Jan 2024 – Nov 2024)

Taxila Central College

Secondary Education | Physical Sciences | Z score: 1.14

Horana, Sri Lanka

(Jan 2013 – Dec 2021)

PROJECTS

MusicHive – Artist & Band Management System

Group Project

MongoDB, Express.js, React, Node.js (MERN)

- Served as the Project Manager for a six-member development team.
- Coordinated project planning, requirement discussions, and task allocation throughout the development lifecycle.
- Collaborated with team members to develop a MERN-based platform for artist and event management.

MoodMirror – AI Mood Journaling App

Group Project

Flutter, Firebase, Gemini API

- Developed an AI-powered cross-platform mobile application using Flutter, Firebase Authentication, Cloud Firestore, and Google Gemini API. Coordinated development activities within a three-member team, contributing to planning, task allocation, and feature integration.
- Gathered and translated functional requirements into application features using Flutter, Firebase, and Google Gemini API.
- Ensured successful project delivery by resolving technical issues and maintaining project timelines.

Explainable AI-Based Kidney Stone Detection System

(Final Year Research Project - ongoing)

Python, Deep Learning, Flutter (Planned), Explainable AI

- Developing an AI-based medical image decision support system for kidney stone detection using deep learning and Explainable AI techniques.
- Researching and evaluating explainability methods to improve the transparency and trustworthiness of AI-assisted healthcare systems.
- Designing a user-friendly application to present diagnostic predictions together with visual explanations for healthcare professionals.

Expense Tracker with AI Spending Assistant

Individual Project

Flutter, Firebase, Gemini API

- Defined functional requirements and designed application workflows for an AI-powered expense management application.
- Managed end-to-end feature implementation from planning through testing.

CineCart & Analytics Dashboard

Individual Project, E-Commerce & Big Data Analytics

HTML/CSS/JS, Django, GA4, Meta Pixel

- Built a data-collection e-commerce site instrumented with GA4 and Meta Pixel event tracking
- Built a multi-platform analytics dashboard aggregating GA4, Meta, TikTok, and YouTube metrics for stakeholder reporting

LEADERSHIP & VOLUNTEERING

Team Leader, OGV B2C Digital Marketing

AIIESEC in USJ | Jan 2025 – Present

- Lead a team executing digital marketing campaigns aligned with organizational objectives

Volunteer Management Committee Head

IEEE Student Branch USJ | Jan 2024 – April 2026

- Organize and coordinate volunteers across branch activities and events

Editorial Team Member, WIE Affinity Group

IEEE USJ | Jan 2025 – Jan 2026

- Contribute to content creation and publication for the affinity group

Finance Committee Member

Rotaract Club of USJ | Jan 2023 – June 2026

- Assist in managing club finances and budgeting

ACCOMPLISHMENTS

- Participant, IEEEExtreme 17.0 & 18.0 (competitive programming)
- Participant, Codefuse 2.0

LANGUAGES

English (Professional Proficiency) | Sinhala (Native)
