PROFILE

I am a third-year Information Systems undergraduate at the Faculty of Computing, University of Sri Jayewardenepura. I have a strong interest in business analysis, data interpretation, and solving real-world business problems using technology. I enjoy working on practical projects and collaborating in teams to deliver meaningful solutions. I am seeking opportunities where I can apply analytical thinking and technical skills in a professional environment.

TECHNICAL SKILLS

- Languages: JavaScript, Python, Java
- Web: HTML, CSS, React (basic), Node.js
- Tools: Git & GitHub
- Databases: MongoDB (basic)

SOFT SKILLS

- Analytical thinking
- Communication
- Team collaboration
- Leadership & coordination
